We are asking residents of **Milton Township** to **VOTE YES** on the referendum that would cost only **\$6-\$8 per month** on a home valued at \$300,000 (average) to **fund crucial services for mental health, developmental disability and substance use disorders**, supporting our friends and neighbors.

100% of all funds collected will stay **IN** our community.

While state government continues to reassess its priorities, **we have the ability to help** ourselves and our neighbors.

VOTE YES!

and together we can help those in our community who need it most
